## Common Sense Fraud Protection in 5 Simple Steps

1. Scrutinize incoming calls, emails and texts.
2. Never share sensitive information with a caller, and never open/click links unless you're 100% certain you know who is asking.
3. Beware of claims of urgency such as a request that must be completed immediately.
4. Confirm the authenticity of the caller or request by dialing your branch manually to check.
5. Add our call center's phone number into your contacts to make it easy to check (800) 731-4477.

## Welcome Home!

The Medranos came to us prepared: they had saved diligently and built their credit but they were navigating the tough housing market of the last few years, marked by low inventory and high competition. Our Sacramento Mortgage Team helped them access a program to boost the amount of their down payment and now the Medranos are homeowners. We congratulate the Medrano family on a successful home purchase!
